SINCE 1873

XY

DESIGN: BRUNO REY AND CHARLES POLIN, 1995

XY Meeting Table is the ultimate conference table for meeting and board rooms, combining a timeless and classic design to a clever construction and integrated solutions for meeting. XY is conceived to offer a versatile array of sizes and shapes, while always providing generous legroom thanks to its ingenious construction and feet in X and Y shapes. The construction of chrome-plated steel tube also ensures a very high level stability. XY is available in various configurations: square, round, boat shape or ellipse. It is accessorized with optional cable management system and media box on request. Available in veneer, solid wood, or linoleum on request.

TECHNICAL DATA

CONSTRUCTION

Uniquely simple table system consisting of X-shaped and Y-shaped legs. The inclination of the legs ensures a high level of stability. The legs are arranged to suit the table shape and fixed to a mounting plate.

- Sizes from 3600 x 1300 mm are manufactured in 2 parts, which are connected by means of threaded rods
 - Tubular steel X-shaped leg \varnothing 40/2.5 mm, inclined at 51 degrees (between floor/leg), stance width 850 mm, with special mounting plate, steel 330 x 90 x 8 mm
 - Tubular steel Y-shaped leg \varnothing 40/2.5 mm, inclined at 51 degrees, with special mounting plate, steel 330 x 90 x 8 mm“
-

TABLE TOP

Base panel SPAN E1 22 mm, with linoleum or veneer finish
Solid wood, lengthwise veneer

STEEL PARTS SURFACE TREATMENT

Chromed

WOOD SURFACE TREATMENT

Stained with highly light-fast, water-based stain (dye/pigment) on request.
Coated with 2-component, water-based polyurethane lacquer that has excellent light-fast properties and acts as a UV filter.
Meets highest standards according to DIN 68861 and complies with increased fire safety requirements (flame-retardant).
The same applies to solvent-based coatings used on oak.
