PRODUCT DATA SHEET

# TOMA

DESIGN: DIETIKER, 2020

Its diversity and excellent price-performance ratio are the strengths of the Toma chair. Two different types of frame can be combined with three types of shells. The stackability and row connection of the 4-legged frame make Toma the ideal chair for function rooms and event venues. Available in plastic or beech, with chromed frame. Optional seat with front upholstery and transport accessories.

## TECHNICAL DATA
